HOW WE WORK

From first message to final drop-off.

One team handles the whole trip: the route, the driving, the park gates, the lodges and the timing around light and wildlife. Here is how a booking runs.

STEP 01 · ENQUIRY

Tell us your dates and your group

Send the enquiry form or message us on WhatsApp with your dates, group size and the places you want to see. We reply within one working day.

STEP 02 · QUOTATION

A full quote in Namibian dollars

Every tour is quoted individually in N$ because price depends on group size, season and accommodation choices. The quote arrives within one working day, with nothing hidden.

STEP 03 · ROUTE BUILDING

The route shaped around you

We build the itinerary around your dates, pace and style of travel, including custom routes shorter or longer than the tours on this site.

STEP 04 · CONFIRMATION

Deposit secures your dates

A deposit secures the dates, with the balance due before departure as set out in the quotation. Everything is confirmed in writing before you travel.

STEP 05 · ON THE ROAD

Guided, start to finish

A local guide handles the driving, the park gates and the planning. Vehicles are matched to the group size and the route, and maintained for Namibia's long gravel and sand roads.

STEP 06 · SUPPORT

With you the whole way

From first enquiry to final drop-off, the exact setup for your trip is confirmed before you pay anything, and your guide is with you at every stop.

VEHICLES MATCHED TO THE GROUP AND THE ROUTE

All quotations in Namibian dollars (N$). A deposit secures your dates; the balance is due before departure, as set out in your quotation. Nothing is paid before everything is confirmed in writing.

LEADERSHIP AND GOVERNANCE

Local ownership, professional standards.

The company was founded by an Environmental Sciences graduate whose appreciation for nature and sustainable travel shapes every itinerary, from a morning game drive outside the capital to a multi-day journey across the country. Guiding stays in local hands: guides with extensive knowledge of Namibia’s history, wildlife, cultures and the quiet corners most itineraries skip.

ACCOUNTABILITY

Liger Tours Namibia is registered with the Namibia Tourism Board (NTB) and held to professional standards at every step of a trip. Registration, insurance requirements and park permits are part of how every route is run, not extras.

HOW WE TRAVEL

Every tour showcases the landscapes, wildlife and cultures of Namibia while promoting responsible and sustainable tourism: local guides, genuine cultural encounters arranged with respect, and itineraries that leave the places guests visit as they found them.

COMFORT AND SAFETY

Comfort and safety are top priorities throughout every journey, in the vehicle and at every stop. Vehicles are matched to the group size and the route, and the exact setup for each trip is confirmed before departure.

LANGUAGES AND PLANNING

Planning and the website run in five languages: English, German, French, Afrikaans and Portuguese. Every route is guided in English, and enquiries are answered in the language they arrive in wherever possible.

Five things we will not compromise.
